To Whom It May Concern:

One can't imagine what it would be like to lose personal treasures such as family photographs, wedding albums, the kid's first drawings...or to have your home ravaged by a terrible storm like the tornado on April 10, 2011. To suffer such losses or to have to deal with not having the most basic of necessities, such as food, shelter and clothing, would be extremely difficult.

Earlier last month, some of our residents had to "pick up the pieces" after a tornado touched down in their neighborhoods. It was heartwarming to watch the community come together and to see neighbor helping neighbor, friends helping friends, and complete strangers offering their assistance to people they didn't even know.

Your donation to the Tornado Assistance Fund to help our residents in need was greatly appreciated. Without people coming together, a person couldn't survive an ordeal like this. In some way, you touched someone's life and made their day brighter, and for that, we thank you.

Sincerely,

Gene Rosin
Mayor
