**PIPE WELDING POSITIONER
AND GRIPPERS**

INDUSTRIES, INC.

At Team Industries, we know you expect the very best in quality and innovation. That's why we've made it our mission to manufacture superior products for the fabricated piping, vessel and modular construction industry. Products like the **Model WEH 3000# Welding Positioner (Generation III)** and the **Team Grippers**—have been designed and are utilized by our own pipe fabricators on a daily basis in our own facility. Our products are the result of more than fifteen years of dedication to product development and teamwork. Put us on your preferred supplier list, and you can be confident you'll get a reliable partner focused on your success. Together we're a true team.

Positioner

- Totally self-contained work station which is easily moved in the shop or to the job site
- 120 volt-16 amp-60 hertz electrical requirements
- Programmable acceleration and deceleration
- Bi-directional foot controller with 40' cable
- Air inlet filter/lubricator and four air tool quick disconnects
- .36 to 3.69 RPM infinitely variable rotation
- 110° pneumatic-hydraulic tilt
- Torque is 30,000 inch pounds
- Designed for years of low-cost maintenance
- 12 month warranty
- Generation III Positioner weight - 1270 lbs.
- Rental plans available

Grippers

- Multiple industrial applications
- Engineered for low-cost maintenance
- Universal crank centering jaws
- Three standard jaws with quick disconnect pins
- Standard shop paint coating or painted to specifications
- Three gripper models available:
 - 1" to 24" capabilities - weight 228 lbs.
 - 1" to 44" capabilities - weight 305 lbs.
 - 2" to 63" capabilities - weight 722 lbs.
